## Residential Care & Assisted Living - Bennington/Rutland Counties

Residential Care & Assisted Living Homes are state licensed group living arrangements designed to meet the needs of people who can not live independently and need 24 hr supervision,

**Residential Care Homes** provide a bedroom, meals and common living space. If needed, help is given with daily activities such as eating, walking, toileting, bathing and dressing, but not to the extent provided in a nursing home. Rates vary considerably, as do scope of services and the physical plant.

The homes can provide two levels of care: Level 3 homes provide nursing overview, but not full-time nursing care. Under certain circumstances, Level 3 Residential Care homes may provide nursing home level of care through the Enhanced Residential Care Program (**ERC**). Level 4 homes do not provide nursing overview or nursing care.

**An Assisted Living Residence** must offer a private bedroom, private bath, living space, kitchen capacity and a lockable door in order to support resident independence and aging in place

Assisted Living offers a basic care package comparable to Residential Care Levels 3 & 4. Furthermore, at least two additional "tiers of care" must be offered for residents who require more assistance and care, up to nursing home level of care. Charges are based on the amount of care provided. ERC may help pay for this additional care for those who qualify.

Medicare does not help pay for Residential Care Homes, or Assisted Living. In most Homes, the ACCS program through Medicaid can offer some assistance for Level 3 if one meets income and asset guidelines. Call your local Council on Aging 800-642-5119 or the Vermont state DCF Office 1- 800-479-6151 for more information on financial assistance. Contact the Division of Licensing and Protection 802-241-2345 for public information on facilities or go to [www.dail.vermont.gov](http://www.dail.vermont.gov)
