

**Estate Planning is an increasingly complex legal field.  
Please read the enclosed information about choosing an Elder Law Attorney.**

This is a partial list of Vermont attorneys who are able to assist in estate planning, especially in order to qualify for Long Term Care Medicaid. Those who are certified by the **National Academy of Elder Law Attorneys are indicated by NAELA**. For more information go to [www.naela.org](http://www.naela.org)

Even though some offices may be a distance from your home, some attorneys will come to your home or meet in other locations convenient for you.
